

Sharing a video from iPhone to Google Drive

Download Google Drive app from the App store.

Log in to Google Drive using your school Google account. 21filastname@gsgis.k12.va.us

Open Photos app and locate video you want to share.

The first time you want to share to GDrive, you will need to turn on sharing to this service. Follow these 3 steps.

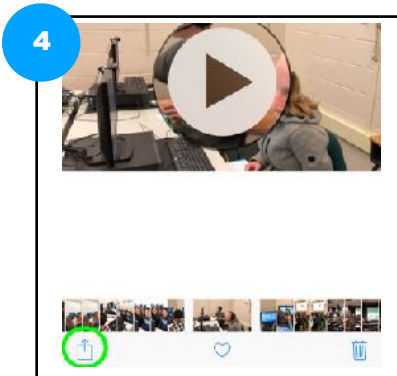

Select the video then click the “share” icon in the bottom left corner.

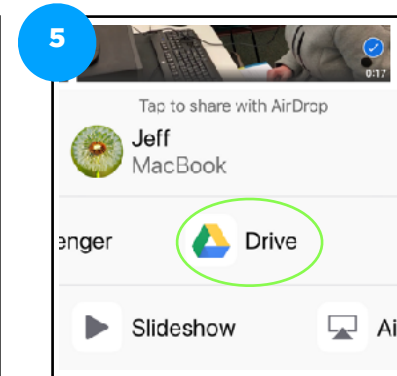

Next, scroll to the right through the sharing choices until you come to the “More” icon and select it.

Lastly, scroll up through the sharing choices until you come to the Google Drive icon and slide the toggle to green. Then hit ‘Done’.

Again, make sure your video is selected and hit the share icon.

Now scroll again to the right until you see the GDrive icon and select it.

Choose upload.

1. Download Google Drive app from the App store.
2. Log in to Google Drive using your school Google account. 21filastname@gsgis.k12.va.us
3. Open Photos app and locate video you want to share.
4. **The first time you want to share to GDrive**, you will need to turn on sharing to this service. Follow these steps.
